# The Miracles of Ulul Azmi Prophets

# Noah As

Noah was sent to the children of Rasib. They are among those who are hard to believe in. They worship idols or idols, including his son Kan'an and his wife Wali'ah who also rebelled.

And Allah seized them for forty years, and they were not guided. So they destroyed their cattle and their crops, and they were not of those who were destroyed. Until Noah was sent to build a ship,

When making the ship, Noah was still reviled and even considered crazy because there could not be a great flood. Noah said, "O my people, worship God; The prayer was answered and all his people were swept away by the flood, including his wife's children.

# Ibrahim As

There are several cases of Prophet Ibrahim in undergoing amar ma'ruf nahi munkar.

First, when he invited his people to leave their idols and asked to worship Allah SWT, Ibrahim AS sought to have discussion and dialogue with his people who worship idols, but his people remained true to their beliefs, including the father who would not follow him.

Until one day, Ibrahim destroyed them and left only the greatest idols intact. Hopefully, for his people to ask who destroyed the idols.

He said, "It is the great idols who do it, so ask them if they can speak."

# Ibrahim As

Second, patience when he got the command to slaughter his beloved son Prophet Ishmael. He was so obedient and eventually replaced with sheep from heaven.

Third, the conscientiousness when burned by King Namrud. Ibrahim was able to endure in the midst of the fire, and the fire was cold.

# Moses As

Moses was born when he was driven by a violent Pharaoh. Pharaoh then dreamed that there would be a son against him.

Moses' mother Yukabad did not want her baby killed, so she washed it away in the Nile. Pharaoh's wife found him looking for a woman to suckle him. God saved Moses by returning to Yukabad.

Moses then grew intelligent and diligent in preaching. He was always confronted by the witches of the palace and there was always a mu'jizat with him.

Moses fled into the red sea and parted the sea by permission of Allah. This phenomenon is one of the miracles of the prophet Moses.

# Isa As

The stories of Isa shade began when he was born to a holy man named Maryam. And she, who was patient and sincere, made it easy for him.

Prophet Isa was blessed with many miracles, among which he could speak as a baby, and could heal the blind and skin disease He was appointed prophet at the age of 30 years to the Children of Israel.

But the ordeal kept coming. At that time, there was one of his followers who betrayed, his name was Yahuza. As The Prophet Isa hid from the enemy's attack, Yahuza reported the place and turned to attack the Prophet Jesus.

Finally, when Jesus was about to be captured and crucified by the enemy forces, Yahuza's face changed similar to that of Isa and was killed in the army.

# Muhammad SAW

The biography of our Holy Prophet Muhammad ibn Abdillah is clearer than those of all prophets preceding him, because as a result of the lapse of time and historical changes, their books, shari'ahs, and even their personalities have been distorted and their biographies have become ambiguous.

The compassionate Allah appointed Prophet Muhammad SAW to reform and lead the people of the world. Allah revealed the Holy Qur'an to him, consisting of divine education, theism, the ways of implementation of justice, and beneficial advice. Allah commissioned him to invite people toward humanity and adherence to the truth using that divine authentic Book, Qur'an.
